

Remarks

Claims 1-29 are pending in the application. Claims 7, 15-17, and 19 have been withdrawn from consideration. The specification has been amended. Reconsideration and re-examination of the application is respectfully requested.

1. The Examiner has issued a restriction requirement requiring the election of a single species for examination. In reply to the restriction requirement, Applicant elects Species I shown in Figures 1-9 and claims 1-6, 8-14, 18, and 20-29 which are readable thereon. The remainder of the claims have been withdrawn from consideration. However, upon allowance of a generic claim, Applicant respectfully requests that all of the species claims that are written in dependant form from the allowed generic claim additionally be considered.

2. The specification has been amended to correct a typographical error. No new matter has been added. Approval of the amendment to the specification is respectfully requested.

In view of the amendments presented herein, the application is considered to be in condition for allowance. Reconsideration and passage to issue is respectfully requested.

Respectfully submitted,
